

M.E.D.TM Billing for Windows & Macintosh

Macintosh & Windows 95, 98,
NT, 2000 and XP.

A complete billing and debtors package for Health Care professionals.

- Accommodates a single or multi-user environment for General Practices, Specialists or Departments.
- Patients can be registered with more than one guarantor and/or fee schedule to make account and fee generation automated.
- Make up and use your own fee schedules or use Medicare or other.
- Private, third party, medicare bulk billing, patient claim forms and gap fee collection.
- Service descriptions can be customised to suit your style of practice.
- Print patient labels for your files and specimens.
- Accounts can be prepared at the time of consultation or at your convenience and patient claim forms printed concurrently.
- Receipts can be issued using cash, cheque, credit card, Eftpos and the system also accepts pre payment and allocation to an individual item numbers.
- Improve your cash flow, generate instant bank deposit slips and reminder statements any time you wish.
- Statements can be open item, balance forward or merged with a letter customised by you.
- View your financial data by patient, doctor, referrer, service or any combination of these.
- Recalls for various reasons can be easily searched to help you remember important patient follow ups.
- Full practice marketing features through easy tailored letters to suit your needs which can be mailed out to your patients' referrers or guarantors.

The screenshot displays three overlapping windows from the M.E.D. Billing software. The top window is the 'Patient' details window for 'Dr EHAMPLE Data 2.7.4', showing fields for Given Name (Ian), Surname (SMITHERS), Title (Mr), Sex (Male), and registration dates. The middle window is a 'Receipt' window for the same patient, dated 11/23/95, with fields for Patient and Guarantor names. The bottom window is an 'Account' window for 'Dr S Gatt', dated 30-09-2002, showing patient and doctor details, a table of billed items, and a total amount of \$240.10.
